

Your United Way Donation at Work:

HELPING SENIORS AGE WELL, WITH DIGNITY

Adults over age 65 in the Greater Richmond-Petersburg region need your help to remain healthy and independent, living in their homes as they age. More than 9,500 older adults in our community live in poverty, with an annual income of \$10,000 or less. **With your support, these older adults will be able to meet basic needs like good nutrition and access to medical care.**

\$1 PER WEEK

Serves 8 freshly cooked meals to home-bound seniors and adults, delivered by volunteers whose visits provide friendly faces and safety checks.

\$2 PER WEEK

Transports 3 seniors to and from vital medical appointments that they would have missed because they could not afford transportation otherwise.

\$5 PER WEEK

Keeps 6 older adults living in their homes by providing access to legal assistance to avoid foreclosures.

\$10 PER WEEK

Provides 3 hours of in-home medical care to 10 frail older adults, helping them remain in their own homes and out of nursing homes.

GIVING THAT GETS RESULTS
